MEMORANDUM FOR: Colonel White

25X1A

1. [] has prepared a staff study for your signature, addressed to the DCI, in order to get action by Defense Department to eliminate requirement for letter efficiency reports. Joe believes that the CIA should capitalize on what he regards as good timing to prod the Defense Department to action in behalf of officers assigned to CIA, resulting from:

a. New Air Force regulations which provide for use of standard rating form, by civilian as well as military supervisors.

b. Rule that standard rating forms will be used for all officers (regardless of service) detailed to Office of Secretary of Defense.

25X1A 2. [] have concurred in the staff study which recommends that the DCI forward a specific letter to Mr. Hannah.

3. Recommend you sign and forward to DCI.
